"Building trust...one roof at a time"™

FOR IMMEDIATE RELEASE

Integrity Roofing, LLC Surprises Local Charity with Award

Integrity Roofing, LLC received honorable mention during the NRCA's 126th Annual Convention in San Antonio, TX on February 6, 2013 for their efforts with the Hope Network. They were presented with an award, a \$1,000 check, to benefit their charity.

On Tuesday, February 12, 2013, Integrity Roofing surprised Janet Lowe, Executive Director of Hope Network, with the \$1,000 check. **"Thank you for believing in us and partnering with us!" Janet stated upon receiving the check, "We can turn this \$1,000 into \$10,000 with all the work we do here."**

Each year, Hope Network provides qualifying families and individuals with practical services to help meet their needs and most importantly to *give them hope*. Last year, 2,215 families received food through their Vision of Hope Food Pantry. And 1,800 families received food through the Mobile Food Pantry. Currently, the Mission of Hope Health Clinic is at full capacity - treating 56 patients each week. Their dental program is also seeing large numbers of people who are experiencing health concerns as a direct result of dental related issues.

"The need is great," Janet said, "This community needs people that advocate by telling people about Hope Network. Even if we don't have money, we have voices."

As a roofing contractor and member of the NRCA (National Roofing Contractors Association), Integrity Roofing, LLC was eligible to participate in the CNA and NRCA Community Involvement Award. To be considered for this national award competition, Integrity Roofing had to be actively involved with their chosen charity (Hope Network) during the 2012 calendar year and share testimonies explaining why they felt their charity deserved this award.

The NRCA and CNA partnered to honor charitable works by NRCA member contractors by creating the CNA and NRCA Community Involvement Award. One winning company received \$5,000 payable to its charity. Two honorable mentions received \$1,000 each payable to their charities. (The CNA and NRCA received such an outpouring of heart felt nominations that they decided to expand the honorable mention category to a total of four awards!) The awards were
